Assorted sizes per sq mtr \$100

RHS DOWNGRADE

RHS Gal 100x50x4 2.35mtr \$44

KIRRA GRAHAM
ADMINISTRATION

AROUND THE YARD

Into the second month already and the bit of rain was nice as it had started to dry out.

With a lot of steel outlets short on stock we are lucky to be at capacity with plenty of gal pipe and strainer posts in stock. Unfortunately we have experienced up to 19% price increases in steel over the past 2 months and hopefully this is the last for a little while.

Demand has been fantastic on our hot dip galvanised retaining wall columns and all sizes are now back in stock and ready to go. These make the job a whole lot quicker and easier.

If you are looking for a custom screen or garden feature our CNC design team are in full swing with so much happening in both government and private sectors.

Kirra is settling in well and she is enjoying the challenge of learning about our products and meeting all of our customers.

With the end of financial year here before we know it, make sure to ask about stock grids and fencing material.

SPECIALISING IN ALL THINGS STEEL

STEEL CUT TO SIZE	PIPE	HOLLOW BAR
